CLASS HISTORY

We began our high school career in the fall of 1944 at Speed. Twelve of us, on our first day in high school, began dreaming of our last one. We had an excellent teaching staff which made for us a successful year of fun and learning.

FACULTY

Miss Christine Britt, Principal,
Math, Science
Mr. C.E.Barrett, English

Mrs. Mittie Spencer, History
Mr. F.G.Lewis, Agriculture

When sixteen of us found ourselves entering Leggett High School in '44, we had a new principal and practically a new faculty to greet us. The war was raging, but we managed to have a few parties and a lot of good times.

FACULTY

Mr. H.S.Brown, Principal
Mrs. Bill Long, English

Miss Alice Snipes, Home Economics
History
Mr. H.N.Cherry, Agriculture

Our sophomore year at Speed was guided by many new members on the teaching staff. We were welcomed by a new principal, Mr. C.E.Bland, who helped us in many ways, including the organizing of a Beta Club.

FACULTY

Mr. C.E.Bland, Principal, History
Mrs. Mittie Spencer, Civics

Mrs. Mildred Bell, English
Mr. F.G.Lewis, Agriculture

Our sophomore year at Leggett prospered under a new principal and faculty. The number in our class was about fifteen. We helped publish a school paper, "The Leggett Lantern."

FACULTY

Mr. P.S.White, Principal
Mrs. Carolyn Lloyd, English, History

Miss Jean Cherry, Math
Mr. H.N.Cherry, Agriculture

In 1946 Leggett and Speed High Schools were consolidated at Leggett. We had Twenty-two members of the Junior Class. The Junior-Senior banquet took place on April 18th and it was a very beautiful and impressive event.

The first edition of the annual was published by the senior class. And thus ended our high school days, much to our sorrow, in a grand school, under the best of teachers, and in a wonderful community.

CLASS PROPHECY

Strange things have happened in the last ten years to the Seniors of '48. I shall never again be surprised at anything that happens. My travels have not been extensive, but in the next few paragraphs I will try to tell you the people I have seen and bring you up to date on their where abouts and their lives.

While I was in Richmond on a tour, I bumped into Rosa Lee Brake, who is an interior decorator for a large department store. Guess at last Rosa Lee has gotten the bug too--she's in love! Next on my sojourn, I found Captain Bobby Grimes with the U.S. Navy Department in Washington, D.C. When he was making his rounds for the Navy, we hear that he had a sweetheart in every port. Girls, you passed up a good prospect!

Red neon lights flashing on and off on Broadway brought to my eyes the name of Odell Manning. Yes, our own little home town girl makes good--- first as a Powers Model. Now she is playing the lead role in a Broadway hit. Bill Dupree, also in New York City, is one of the most exclusive photographers. He has quite a collection of pictures. New York is a city of wonders you know, George Anderson is now radio engineer at the RCA Building. George has done some mighty fine work as well as make some new inventions which we shall all see on the new radios. Emma Doris Lewis, once a declared old maid of the class of '48, has opened a dancing school in Tarboro. She received her training at Arthur Murray's in New York. It seems as though New York was quite popular among our friends.

Attention!! Let's peep at the theatre guide to see what is playing. Surely enough--it's "Riding the Trail in Texas"--starring Allan Lane and Fuzzy Knight with North Carolina's LONNIE WALSTON as Bert Carroll.

Returning to our own camping grounds, I will try to review the news in that vicinity--After ten years Ruby Norris decided to tie the knot to some fortunate (?) man; however, she will continue her work at Adler's. Just imagine Adler's without Ruby Norris. Can you imagine Beverly Gammon as a farmer's wife who lives "east" of Tarboro? We hear that she is going to leave soon to take up her work as an artist again. Some say a change is always pleasant! After working for several years in Rocky Mount, Eula Mae Wadsworth decided that she would try a hand at marriage. Now she is rearing a family and is quite successful too!

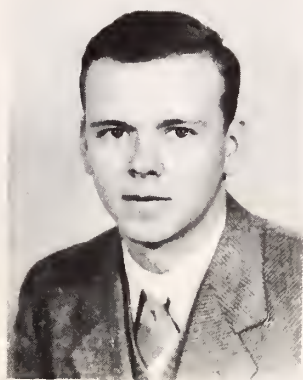

Gloria Causway and Rachel Penwell are sticking close to their homes. Gloria is a nurse in Edgecombe General and she is having a nice time with all the young new interns. Rachel, principal of the Speed School, graduated from East Carolina Teacher's College with high honors. I don't know whether I am seeing straight or not--but I believe I've seen Ava Cutchin's name in the "Speed High Light". She was married by Reverend Leslie Wickham in the little church at Speed. Rev. Wickham is devoting his full time to his profession. Doris Cherry is another one who likes home town talent. He married a Tarboro girl just after graduation. Now he is a proud pop of a five year old brat. He has stuck close to farm life too.

Do you listen to the radio or read the papers? Some of the class of '48 are really in the news. Vance Moore, a graduate of the University of North Carolina, is a representative at Washington, D.C. from the ole North State. Pete works hard at his job but his night life is very gay. You have heard the old saying, "He bit off more than he can chew?" William Moore, with brains in his feet, chewed a large piece at one bite. He graduated from N.C. State College, married a West Edgecombe girl, and started breeding seed for the state. William has received much recognition in the hybrid corn field. Remember the talking machine of our class? Mamie Ellen Taylor hasn't stopped talking or succeeding as a saleswoman since our graduation. She is now vice-president for a large commercial company--but most important she is engaged to the president.

Yes, fellow classmates, my travels with my husband, who is now a captain in the U.S. Army, have brought me in contact with all the '48 graduates. I hope in another ten years to find them just this successful and happy.
